For Immediate Release

Terramac® Designates Power Motive Corporation as Colorado Dealer

Elburn, IL – Terramac, a leading manufacturer of innovative rubber track crawler carriers, expands its representation in the North American market to include Power Motive Corporation (PMC) as part of its dealer network. PMC will represent the versatile Terramac product line in Colorado.

“At Power Motive Corporation, we are always looking for ways to diversify our offerings, and we are extremely pleased to be doing so with the addition of Terramac’s crawler carrier product line,” says Mac Blount, President at PMC. “Terramac carriers offer superior quality and have an excellent reputation for reliability as they conquer some of the toughest jobsites. The demand for rubber tracked carriers is on the rise in the markets we serve and we are confident this new line will be well-perceived by customers.”

PMC will offer the Terramac RT6, RT7R, RT9, RT14 and RT14R crawler carriers to serve the pipeline, environmental, utility, mining, forestry, environmental and general construction industries. In addition to Terramac’s three standard options – convertible dump-to-flat beds, rock dump beds and flatbeds – PMC will offer Terramac units customized with support attachments such as tac welders, hydroseeding units, digger derricks, aerial devices, personnel carriers, concrete mixers and concrete agitators.

“We have a strong customer base in the pipeline industry and Terramac crawler carriers will provide the safe and dependable access needed to complete these jobs more efficiently,” says Blount. “The units’ unlimited customization capabilities will also allow us and our customers to further grow in the various other markets that we currently serve.”

The team at PMC will provide professional sales, rental and aftermarket support on the Terramac product line across six branch locations in Colorado. PMC's dependable representatives will deliver timely service and their parts and service technicians are equipped with state-of-the-art technology to ensure machines are maintained at the highest standard.

"Terramac's superior commitment to customer service and product support goes hand-in-hand with our own company standards," says Blount. "Right out of the gate, Terramac provided our team with thorough sales and service training to ensure we were equipped with the knowledge to uphold our support promise to customers. We are excited to offer such value to our customers and look forward to a successful partnership."

Power Motive Corporation is a leading heavy equipment provider with dedicated staff committed to exceptional customer service and product support. Power Motive Corp was established in 1959 and has been successfully supporting construction and mining customers for over 60 years. The company represents a handful of OEM's through sales, rentals and product support. PMC offers Terramac crawler carriers for sale or rent as well as full service maintenance and parts. For more information on PMC or to find the nearest location, please visit www.powermotivecorp.com.

Terramac® LLC, based in Elburn, IL, was established to produce the world's leading crawler carriers. Units are sold through a full dealer network which offers customers easy-to-locate parts and service throughout the world. The units can be customized with support equipment to serve many industries such as pipeline, utility, mining, environmental, general construction and more.
