For Immediate Release

Terramac® Appoints Power Equipment Co. as Authorized Dealer

Elburn, IL – Terramac, a leading manufacturer of innovative rubber track crawler carriers, expands its representation in the North American market to include Power Equipment Company as part of its dealer network. Power Equipment will represent the versatile Terramac product line in regions of Arkansas and Tennessee.

“Power Equipment’s dedication to providing customers with customized, flexible solutions naturally aligns with the versatility of Terramac products,” says Andrew Konopka, President of Terramac. “We’re excited to have Power join our growing dealer network and we look forward to a successful partnership.”

Power Equipment will offer Terramac’s RT9, RT14 and RT14R crawler carriers to serve a wide range of industries including general construction, mining, roadbuilding and forestry. In addition to Terramac’s three standard options – convertible dump-to-flat beds, rock dump beds and flatbeds – Power Equipment will offer Terramac units customized with support attachments such as hydroseeders, cranes, and drills.

The team at Power Equipment will provide professional sales representation for the Terramac product line in eastern Arkansas, as well as eastern and western Tennessee. Power Equipment’s knowledgeable staff has been fully trained in the application, sales, parts and service of Terramac products and stands ready to offer prompt and professional customer support.

“We were immediately impressed by the extreme versatility that Terramac crawler carriers provide,” says Chris Gaylor, President at Power Equipment Company. “The units can be customized for

various applications and feature innovative track technology to tackle the toughest jobs. Terramac's focus on quality products, parts supply and customer service make the brand a great fit for us and we're confident the equipment will be well-received by our customers."

Power Equipment Company, a subsidiary of Bramco Inc., is a leading provider of construction, mining and related handling/processing equipment with 70 years of experience serving the industry. They offer the full line of Terramac crawler carriers for sale or rent as well as full service maintenance and parts. For more information on Power or to find the nearest location please visit www.PowerEquipCo.com.

Terramac® LLC, based in Elburn, IL, was established to produce the world's leading crawler carriers. Units are sold through a full dealer network which offers customers easy-to-locate parts and service throughout the world. The units can be customized with support equipment to serve many industries such as pipeline, utility, mining, environmental, general construction and more. To learn more, please visit www.terramac.com or call 630-365-4800.
