*For Immediate Release*

### **Terramac® Appoints Bobcat of St. Louis as Authorized Dealer**

*Elburn, IL* – Terramac, a leading manufacturer of innovative rubber track crawler carriers, expands its representation in the North American market to include Bobcat of St. Louis as part of its dealer network. Bobcat of St. Louis will represent the versatile Terramac product line across designated regions of Illinois, Indiana, Missouri, Kentucky and Tennessee.

“Bobcat of St. Louis has achieved tremendous success attributed to their outstanding service commitment and extensive industry experience,” says Andrew Konopka, President of Terramac. “We are pleased to add them to our growing network.”

Bobcat of St. Louis will offer the versatile Terramac RT9 and RT14 crawler carrier units to serve a variety of industries including pipeline, utility, general construction, environmental and mining. In addition to a standard convertible dump to flat bed or rock dump bed, Bobcat of St. Louis will also offer a wide range of customizable support attachments, which Terramac units are designed to accommodate, such as: bark blowers, hydroseeders, cranes, drills, generators and tanks. The team at Bobcat of St. Louis will provide professional sales, rental and support on the Terramac product line from their eight locations across Missouri, Illinois, Indiana, Kentucky and Tennessee.

“Recently we attended the 2015 Terramac dealer meeting, where we discovered Terramac was a manufacturer that prides itself on a high level of communication, parts availability and trained service technicians,” says Larry Kohler, Heavy Equipment Sales at Bobcat of St. Louis. “We left the meeting feeling confident our customers would see great value in Terramac and their innovative and growing

product line as we did. We're excited to be partnering with them and look forward to a lasting relationship."

Bobcat of St. Louis is a leading equipment provider with over 25 years of experience serving the construction, rental, landscaping, agriculture, grounds maintenance, government, utility, industrial and mining markets.
