TERRAMAC® NAMES VERMEER TEXAS-LOUISIANA AS DEALER

ELBURN, Ill. (July 8, 2014) — [Terramac® LLC](#), a manufacturer of innovative rubber track crawler carriers, has announced [Vermeer Texas-Louisiana](#), with corporate headquarters in Irving, Texas, as the latest addition to its expanding dealer network in North America. With 12 full-service locations across Texas and south Louisiana, Vermeer Texas-Louisiana offers a broad line of equipment for the underground construction, pipeline, landscape, surface mining, tree care, wood waste processing and organic recycling industries. By providing Terramac with a direct route to market its [RT9 rubber track crawler carrier](#) in this region of the country, the partnership with Vermeer Texas-Louisiana represents a key step in Terramac's goal to become a global leader in crawler carrier sales and marketing.

"We are very pleased to add Vermeer Texas-Louisiana to our expanding dealer network to meet the demand for rubber track crawler carriers from customers in Texas and south Louisiana," said Mike Crimaldi, CEO of Terramac LLC. "Vermeer Texas-Louisiana's dedication to customer service and satisfaction is apparent in everything they do, from their industry-leading equipment, quality parts, reliable service, superior support and extensive industry experience and expertise."

"We are excited to be partnering with a leading equipment brand like Terramac, and we look forward to a long-lasting relationship," said Mark Krueger, chief operations officer, Vermeer Texas-Louisiana. "The addition of the Terramac RT9 crawler carrier to our equipment line-up helps us fill a need for our customers."

(more)

With an operating weight of 26,000 pounds (11,794 kg) and a maximum carrying capacity of 18,000 pounds (8,165 kg), the Terramac RT9 is the largest mid-sized rubber track carrier that does not require special oversize permitting to transport the machine. Equipped with front and rear bolt-on connections, this multi-purpose carrier can accommodate various types of specialized equipment for the job at hand.

Available for sale or rent, the Terramac RT9 crawler carrier can be ordered from the factory with the correct body configuration to accept custom accessories. For more information on the Terramac RT9, or to schedule a demonstration, please visit www.terramac.com.
