

STAY SAFE DURING THE WEEK. SO YOU CAN MAKE THE MOST OF THE WEEKEND.

REMEMBER THESE IMPORTANT SAFETY TIPS:

- Wear your personal protective equipment.
- Inspect equipment to be sure it is working properly.
- Never oil, lubricate or fuel equipment while it is running or in motion.
- Do not crowd the jobsite; keep others well away from machine-operating areas.
- Observe and practice all safety procedures.
- When getting on and off equipment use a three-point stance going and coming. Never jump!
- Always be aware of your surroundings.
- Never exceed the load that a machine is rated to carry.
- Store materials properly to prevent fire or explosion.
- Use fall arrest systems (body harness) and safety net systems when working on raised platforms.
- Know where firefighting equipment is located and be trained on how to use it.
- Trenches over five feet deep must be shored or sloped as required.
